### News from the International Advent School

We thank God that He blessed the school with extra children and an extra teacher. The curriculum is based upon the Bible and the Spirit of Prophecy and we use the principles of the Madison school (1906). We are interchanging theory- and practical lessons, which is a blessing for all. If you consider to send your own child(ren) to our school, you are welcome to contact us. We are also thankful for all of you who support the school with prayer, donations or other help.
